Report of the School Board.

To the citizens of the town school district of Madison:

We herewith submit to you our annual report of our school and district affairs for the year ending Feb., 15, 1896.

SCHOOL AT MADISON CORNER.

Both terms were taught by Mrs. S. M. Harmon, who has rendered good services in that school a number of years and is well known by most of the towns people as a very capable teacher and therefore no comments on her past will be necessary, and we claim that the scholars have, as a rule, taken very good interest and made a good showing for themselves as well as their teacher.

SCHOOL AT SILVER LAKE.

Spring term was taught by Mr. Thomas Scammon, who has proven himself to be competent and eligible as a teacher and who worked hard for the interest of the scholars both in and out of the school house and the advancement was rather better than we looked for. Fall term was taught by Miss Martha Buzzell whose qualifications and ideas of teaching are of the best, and therefore the advancement of the school in general was without a precedent.

NICKERSON SCHOOL.

Both terms were taught by Miss Mabel Nickerson, who has taught this school for several terms previous to this year to the satisfaction of the School Board and scholars, and this year she rendered equally good service and the scholars made very good progress.

MASON SCHOOL.

The spring term was taught by Miss Mabel Flanders, who, though she labors under some adverse circumstances, was crowned with as good success as could be expected.

Fall term was taught by Mrs. Hattie Warren, who being an experienced teacher, was crowned with good success and the advancement was better than usual.

TASKER SCHOOL.

Both terms were taught by Miss Edith Allen, and it being her first experience as a teacher we think she rendered very good service as the scholars made good progress.

QUARRY SCHOOL.

The spring term was taught by Miss Olive Loud, she being the first to teach in the new school house (which was not well furnished and equipped) and she rendered very good service under the circumstances.

Fall term was taught by Mrs. George Rust, who took a great interest in the welfare of the scholars and brought about very good results.

A FINAL WORD.

Now just a word to the taxpayers of this district. It is your duty to see that your children are brought up under the best influences possible, both at home and in the school-room and surroundings, and you should put in their way the means, so far as is practicable, by which they will be enabled to obtain a good education, and thereby be qualified to fill positions of honor and trust wherever they may be, and become an honor to townspeople under whose influence they were reared.

Now in order to have good, long schools, the first thing necessary is money, and we trust that the voters of this district will look at this matter where they can see that the boys

and girls of today will be the men and women of tomorrow, and in order that they may become what they should be we must put our hands down deep into our pockets and swell the school fund to its greatest capacity.

WILLIE E. KENNETT,
SAMUEL J. GILMAN,

School Board of Madison.
